

# Center for Improving Value in Health Care

## Elevate Your Projects and Initiatives with Comprehensive Evaluation

At Center for Improving Value in Health Care (CIVHC), we understand the challenges of measuring the processes, outcomes, and impacts of a product, program, or project. That's why we're proud to offer a comprehensive suite of evaluation services tailored to meet your initiative needs.

**Our evaluation services** are tailored to meet your specific needs, and we will work with you to determine what output will best serve you and your constituents or community.

### Reports:

Written report of our evaluation findings including methodology, results and discussion.

### Logic Models:

Graphical representation of all the inputs, outputs, outcomes and potential impacts.

### Evaluation and Performance Measurement Plans:

Graphical representation of all the inputs, outputs, outcomes and potential impacts.

### Infographics and Custom Dashboards:

Data visualizations and interactive dashboards to help you easily share your evaluation findings with graphics highlighting key areas.

### Custom Slides:

PowerPoint slides customized to highlight the findings of our evaluation work.

### Tools and Templates:

Custom data collection tools and templates to help standardize and automate your data collection process.

**Not sure where to begin?** Our team is here to help. Contact us today to assess your needs and identify the best approach for your health care initiatives.

## CIVHC's Suite of Evaluation Services Include:

### Full-Scale Evaluations:

Throughout the lifecycle of your project, our expert team can conduct thorough and regular evaluations, collecting and analyzing data to help you track progress, identify program impact, and understand value proposition.

### Survey Design and Analysis:

Utilize our expertise in survey design to craft impactful questions and gather insightful data. Whether utilizing existing tools or developing custom instruments, we ensure your surveys deliver actionable insights.

### Quantitative Data Collection and Analysis:

Define meaningful metrics, establish data collection plans, and analyze results with precision. By leveraging the CO APCD and other data sources, we offer comprehensive quantitative insights into your program's achievements.

### Qualitative Data Collection and Analysis:

Gain rich contextual understanding through qualitative analysis. Our team assists in designing and implementing qualitative evaluation strategies tailored to your program's unique needs.

### Capacity Building:

Maximize the utility of your evaluation data through training, program monitoring, and data literacy education. Our staff empowers you to effectively utilize evaluation insights for informed decision-making.
